Dear Professor Gianluca Moroncini,

\_\_\_\_\_ expresses strong interest in the research activities carried out within the technology transfer projects enlisted above, aimed at the development of network for the technological transfer and innovative diagnostics, for the improvement of health in the field of rare diseases, chronical and infective disorders. The research activities are very closely aligned with those undertaken within our company.

Although we are aware that this Expression of Interest does not constitute a commitment to participate in specific activities, we would be grateful if this plan could implement a mechanism to keep us informed about the project’s potential deliverables.

We would also be interested in taking part in any demonstrations or presentations of the results obtained by the technology transfer project, in order to align ourselves with them and possibly collaborate in the use of the outcomes produced.

We would like to express our sincere thanks.
